PROFESSIONAL EXPERIENCE

Kleinman Development | Orem, UT |

July 2022 - Current

Freelance Web/App Developer

- Developed an app to centralize all of your recipes.
- With the help of built in AI and OCR tools the user can add a recipe with minimal effort on their part.
- Made sharing and collaborating on recipes easy with group features.

Phrame Display | Orem, UT | [Demo](#)

October 2023 - January 2025

Lead React Native Developer

- Lead the development of an app that controls a smart home screen.
- Programmed the smart device to receive current user-submitted data from the database.
- Utilized a noSQL database to store and retrieve user data securely and quickly.
- Collaborated with a team to implement new features and designs to ensure a good user experience.

Devmountain | Lehi, UT

March 2022 - July 2022

Web Developer / Software Engineer (student)

Moment Rings - [Github Repo](#) | [Demo](#)

JavaScript | NodeJS | Express | PostgreSQL | CSS | Axios | Three JS | Photoshop

- Created a site that allowed the user to design a ring in a 3D environment.
- Within my limited time frame I was able to quickly learn Three.JS to implement 3D objects into the site.
- Utilized PostgreSQL to store customer data securely.

- Used Adobe Photoshop to design and implement custom images and textures for the 3D rings.

Virtual Game Night - [Github Repo](#) | [Demo](#)

React | JavaScript | NodeJS | Express | CSS | Socket.io | Photoshop

- Developed a website where users are able to create and join virtual rooms with friends and family to play games online together.
- Utilized Socket.io to allow users to create rooms with unique codes in order to join together.
- Demonstrated the ability to learn advanced technology in a short amount of time.
- Designed a custom neon theme using Photoshop and CSS to achieve a user friendly and artistic design.

Etsy Shop Owner | Orem, UT

January 2021 - January 2022

Custom Shirt Designer

- Created custom designed shirts for customers' special occasions.
- Worked directly with customers to make their vision come true.
- Utilized Photoshop to customize designs that stood out from the competition.
- Advertised through social media platforms.
- Ensured every customer was satisfied with their purchase.

Rock Canyon Pharmacy | Provo, UT

November 2013 - March 2022

Compounding Pharmacy Technician

- Provided customer support by helping patients, doctors and insurance companies with medication questions and concerns.
- Collaborated as part of a team to ensure that prescriptions were filled accurately and quickly.
- Became a compounding technician through on the job training.
- Provided tech support (hardware and software), fixed broken equipment, setup new equipment and troubleshoot all tech problems as needed.

Vision Landscaping | Orem, UT

May 2013 - September 2013

Landscaping Crew Member

- Worked on a crew and followed directions to install and maintain sprinkler systems, new sod, bushes and trees.
- Maintained wood decks and railings for high end clients
- Showed willingness to work hard, contribute to a team, and follow instructions.
